LOCAL TIPS

L1 **BEACHES**
There are 10 hidden beaches within walking distance from the city center in the Pećine city district. There are nice places in the suburbs; on the south, there is Kostrena with a 3 km long Lungomare along which there are plenty of restaurants, beach bars, a scuba diving club, and also a dog beach. On the west side is the Costabella/Bivio city district, there are lots of nice places to swim, and there is also a beach for people with physical disabilities.

L2 **TRSAT • Trsat Castle** - a place of hidden history that offers a breathtaking view of the city and the Kvarner bay. The Trsat Castle medieval hillfort, located on a 138 m hill above sea level, was mentioned for the first time in 1288 - one of the oldest fortifications on the Croatian coast. This fort was used for monitoring roads towards the inland. The plateau of the Trsat Castle offers a magnificent view of the ruins of the Roman limes, Katarina and Kalvarija, as well as the whole area of Rijeka's Old City. Today, it is a perfect place to have a drink, listen to music and enjoy a magnificent view of the city. Trsat is also known as the Croatian Nazareth.
